

I want rules in place that serve the public, rather than private, interest. I oppose taking a vote that leads to more media consolidation. On June 2nd, I urge you to retain the current ownership rules.

I am already skipping watching any world (talking head) news because it's not the complete unbiased truth. I've noticed more and more the homogenized news that is fed to us over and over, brainwash style. I aint buyin it and neither are many of my friends. I was at the public forum in my city and although the FCC chairman seemed to be on the side of the people, I can only wonder who's getting a little side "benefit" from the Corporate Media conglomerants to consider relaxing these rules on media ownership regulations in the first place. This country is going to hell in a handbasket and corporate greed is the reason why.
